## GET THE MOST OUT OF THE 915 HANDPIECE

The GRS 915 Handpiece has a wide power range. If your Gravermeister is an 800-1200 stroke version, you will not be able to use the FULL capability of the 915 handpiece. To get the most out of your handpiece, upgrade the 800-1200 stroke version Gravermeister with the High Speed Valve Kit. With the faster 1600-2400 impacts per minute, you will get the full use of the 915 and have smoother cuts, longer tool life, and reduced work time. Ask your sales representative today!
